Dear IES Family,

Dated: 01st June, 2021

The ongoing pandemic, poses as one of the most trying times, for all of us. In the past year and a half, we have all experienced, in one way or the other, a feeling of loss, grief and helplessness. I hope, that each one of you, is exercising stringent caution and care, and am praying that, those who have contracted COVID, are recovering well and fast. In such dismal times, it is always heartening to see, our fraternity, coming together to help one another.

More recently, we have lost quite a few officers and while we all stand in solidarity, with the families of their loved ones, in times of such adversity, it is imperative that we extend our support, in all possible means to them. It is in this aspiration, that I urge one and all of you, to take a moment, and extend financial support, to help such families.

There are active fundraisers, or active bank account details of IES family members, which are being shared and circulated across social/official groups, which may be accessed for necessary contributions. It is requested that, all officers, may take out time, to make dedicated contributions, to such causes. Given that financial assistance is always marked by the urgency of time, I would be grateful, if such contributions are made within 3-5 days of activation of the fundraiser/sharing of bank details.

In times as tough as these, we are stronger, if we stand and strive together. It is time, we take care of our extended loved ones, and ensure that, we can make these trying times, a bit more bearable for them.

Wishing you all strength and good health!

With sincere regards,

Rajiv Mishra
